New Season

Welcome to the new season, there are some important changes to the boys association season format. Soccer 4's and 7's i.e. 2003's-2000's will now follow the same season format as the girls, this will see organized association football run from August—November resuming in March through to the middle of June. Training will continue December—March weather permitting and our teams will also arrange regular friendly match activity. Each section will advise their parents in due course.

As the towns top club we would like to take this opportunity to remind everyone involved in the club, parents, players and coaches alike of the high level of conduct expected, football is about enjoyment, let the children do just that. Enjoy the season!!
